Freeman Orthodontics Inspiration Award

Through the TeamUP Volunteer & Partnership Council, Freeman Orthodontics is again offering two Freeman Orthodontics Inspiration Awards of \$500. The awards are given to high school seniors enrolled in a Sarasota public school who have inspired others by overcoming unique and challenging circumstances while remaining in school and maintaining or improving their academic achievement.

Students eligible for this award must be nominated by a guidance counselor or teacher with the approval of their principal. The person nominating a student must write a **personal narrative** in support of the nominee which includes the nature of the unique and challenging circumstances, how the circumstances were overcome, and how the student has inspired others.

The nomination with the nominator's and principal's signatures must be submitted to TeamUPVPCouncil@gmail.com no later than February 1, 2021 by 12:00 midnight.

The TeamUP Volunteer & Partnership Council Awards Committee will consider all nominations and select two winners who will each receive a \$500 award. The awards will be presented in April 2021

Please contact us at TeamUPVPCouncil@gmail.com if you have any questions or need assistance.
